## VIVID INDUSTRIAL DELIVERS ONGOING SUCCESS IN PORT LIGHTING

- Vivid Industrial wins orders for high powered outdoor lighting systems at seaports
- Sales focus has included Industrial / Infrastructure and Intermodal
- Orders won include Station Pier (Melbourne), Berth F at Appleton Dock (Melbourne) & Port Marlborough (New Zealand)

Greenearth Energy Ltd (ASX: GER) ("Greenearth") is pleased to announce that its wholly owned subsidiary, Vivid Industrial, has secured orders for the supply of lighting systems to key seaports in Australia and New Zealand.

These orders assist in proving the strength of the strategy and product range, delivering unparalleled output and efficiencies for indoor and outdoor lighting systems, along with smart controls for remote monitoring.

These orders received include retrofitting opportunities via replacement of current lighting towers in the Port of Marlborough (New Zealand), Station Pier (Melbourne) and F Appleton Dock (Port of Melbourne, Australia) as well as a paid trial in Port Nelson (New Zealand). These opportunities follow on from the successful implementation for Sydney Ports, providing energy savings of over 65%, whilst also delivering twice as much light.

Our team looks forward to developing this sector further with our unique product range for indoor, outdoor and street lighting systems which are exceeding expectations.

**Managing Director of Greenearth Energy, Samuel Marks, said;** *"Following on from our lighting system installation at Sydney Ports, Vivid Industrial has now also won the opportunity to provide lighting to iconic locations in Melbourne such as Station Pier and F Appleton Dock, along with two New Zealand ports.*

*"Our cutting edge technologies and in-house engineering capability enables us to provide superior light output, less fittings, less energy usage, and therefore greater savings for our customers (in the vicinity of 60% to 80%). These are all very compelling reasons our customers are now choosing our lighting solutions."*
