## About Vivid Industrial

Vivid Industrial is a subsidiary of Vivid Technology, providing customised, intelligent and energy efficient cloud based solutions for our growing industrial and infrastructure client base. The "internet of lights" and "cloud based monitoring" delivers quantifiable efficiencies and significant cost savings with environmentally sustainable benefits for our customers.

The business' core technologies are designed for application in warehouses, distribution centres, cold storage facilities, ports, stadiums, car parks, roads and tunnels. Vivid Industrial is a trusted partner to our customer base of blue chip, industrial companies.

During the 2016 financial year Vivid Industrial acquired Vivid Illumalite, a business specialising in creating highly effective, energy-saving lighting solutions predominantly for commercial and government clients that generate significant cost savings and reduce environmental impact.

## About NewCO2Fuels

NewCO2Fuels (NCF) is an Israeli start-up company which was formed in 2011 by a group of scientists and entrepreneurs with the support of Vivid Technology and the Erdi Group.

NCF was formed to develop and commercialise an innovative system to profitably produce fuels from CO<sub>2</sub> and water, using renewable high temperature heat from solar or excess heat from industry. The system is based on a technology previously developed at the Weizmann Institute of Science and exclusively licensed to NCF.

NCF won the World Technology Network award for Energy in November 2014, and has received numerous grants and accolades from governments around the world. Its technology has also been independently validated by several major international engineering and technology consultancy firms.

Vivid Technology's 33.33% effective economic interest in NCF is represented by its 50% ownership of NCF Global, a company that owns 66.67% of NCF. The other 50% of NCF Global is owned by the Erdi Group, which is also a shareholder in Vivid Technology.
