

ASX ANNOUNCEMENT, 27 April 2017

VIVID INDUSTRIAL APPOINTED BY COCA-COLA AMATIL

- **Vivid Industrial signs Preferred Supplier Agreement (PSA) with Coca-Cola Amatil (Amatil) Australia**
- **Amatil has selected Vivid Industrial to provide intelligent lighting solutions to drive operational cost and energy savings**

Vivid Technology Limited (ASX: VIV) is pleased to announce that its wholly owned subsidiary, Vivid Industrial, has been appointed a preferred supplier to one of Asia-Pacific's leading beverage manufacturers and distributors Coca-Cola Amatil (Amatil).

Coca-Cola Amatil is one of the largest bottlers of ready-to-drink beverages in the Asia-Pacific region, with over one hundred years of history as a manufacturer in Australia, and it locally manufactures and distributes a large portfolio of over 100 brands including non-alcoholic, alcoholic beverages and ready-to-eat food.

Vivid Industrial is providing its unique 'plug-and-play' Matrixx[®] intelligent LED lighting system, to deliver savings often in excess of 85% in lighting energy cost and equal reductions in CO₂ emissions, to Amatil warehouses and production facilities.

This agreement represents the culmination of extensive efforts from both organisations in qualifying, quantifying and proving the long term benefits of the Matrixx[®] solution.

Management Commentary

Vivid Technology's Managing Director Samuel Marks said the agreement again reinforces Vivid Industrials status as a key player in the global industrial smart lighting market, enabling blue chip companies to reduce their energy costs in response to increasing energy prices which directly impacts the bottom line.

"Vivid Industrial has successfully demonstrated its capability as a trusted partner with this valued customer.

"Entry into this agreement reaffirms Vivid Industrial's capability to provide a turnkey intelligent lighting solution across a broad portfolio, improving the customer's sustainability credentials, whilst significantly reducing costs and combating exposure to rising energy prices.

“We look forward to continuing to work closely on opportunities across Amatil’s Australian based industrial warehousing, manufacturing and commercial sites, to maximise energy saving opportunities as part of this agreement.”

About Vivid Industrial

Vivid Industrial is a subsidiary of Vivid Technology, providing customised, intelligent and energy efficient cloud based solutions for our growing industrial and infrastructure client base. The "internet of lights" and "cloud based monitoring" delivers quantifiable efficiencies and significant cost savings with environmentally sustainable benefits for our customers.

The business' core technologies are designed for application in warehouses, distribution centres, cold storage facilities, ports, stadiums, car parks, roads and tunnels. Vivid Industrial is a trusted partner to our customer base of blue chip, industrial companies.

During the 2016 financial year Vivid Industrial acquired Vivid Ilumalite, a business specialising in creating highly effective, energy-saving lighting solutions predominantly for commercial and government clients that generate significant cost savings and reduce environmental impact.
