LIGHTING UPGRADE SECURED FOR CORRECTIONAL SERVICES FACILITY

- **Vivid Technology secures \$0.5m lighting upgrade contract for a major correctional facility customer**
- **Agreement reflects strong confidence and validation of Vivid Technology's products and strategy**
- **Contract builds on strong market presence in the segment and strengthens installation pipeline**

Vivid Technology Limited (ASX: VIV) ("Vivid Technology", "the Company") is pleased to announce its subsidiary Vivid Illumalite has successfully won a \$0.5m lighting upgrade contract for a major correctional facility on a >25ha site.

Over 2,800 luminaires will be replaced by an energy efficient lighting system, covering internal lighting across the correctional facility's main buildings on site, and is expected to save the correctional facility 53% in energy usage and over 643 tonnes of CO₂ emissions per annum.

This contract represents repeat business from an existing customer, highlighting the strength and confidence in Vivid Illumalite's capability to deliver within this market segment, which involves unique skills and product solutions to meet the stringent standards for security and complexity in installations.

Vivid Technology's Managing Director Samuel Marks noted: *"This contract is representative of the current maturity of the business, where an increasing amount of repeat business is now being realised from customers who have experienced and appreciate the professional and unique approach that Vivid Technology and its subsidiaries bring to the market."*

"Vivid Technology once again looks forward to continuing its update shareholders as we increase market traction and strengthen our contract and pipeline revenue base, across both Australia and international markets, in the near future."

About Vivid Technology

Vivid Technology Limited is a diversified Australian-based company with interests in technology focused solutions in the industrial energy efficiency and CO₂-to-fuel conversion markets.

Vivid Technology - <http://www.vividtechnology.com.au>

About Vivid Industrial

Vivid Industrial is a subsidiary of Vivid Technology, providing customised, intelligent and energy efficient cloud based solutions for our growing industrial and infrastructure client base. The "internet of lights" and "cloud based monitoring" delivers quantifiable efficiencies and significant cost savings with environmentally sustainable benefits for our customers.

The business' core technologies are designed for application in warehouses, distribution centres, cold storage facilities, ports, stadiums, car parks, roads and tunnels. Vivid Industrial is a trusted partner to our customer base of blue chip, industrial companies.

During the 2016 financial year Vivid Industrial acquired Vivid Illumalite, a business specialising in creating highly effective, energy-saving lighting solutions predominantly for commercial and government clients that generate significant cost savings and reduce environmental impact.
